

***In search of a place to call home this
summer.....***

Can you help?

..... This is what we seek.....

**6 month lease sought: May – October 2007
2-3 bedrooms House/cabin/apartment
San Juan Island**

This will be our third summer on the island, we consist of a fabulous marine researcher/photographer (who will be volunteering for a long-running minke whale project based out of the FH Labs, and also assisting the Whale Museum's Soundwatch program), a waitress extraordinaire of the Front Street Ale House and a very friendly, fully house trained dog; we have great island references that are available on request.

If anyone can help us out in our search please drop me an email at:

francesrobertson@northeastpacificminke.org

THANK YOU!!
